

WHAT WE DO

CRISIS RESIDENTIAL PROGRAM is a comprehensive, short-term residential program that provides a less restrictive alternative to hospitalization. CRP provides treatment for adults experiencing a mental health crisis who require 24-hour support in order to return to community living. The services provided are time-specific, member-focused, and strength-based. Services routinely avert the need for hospitalization through teaching clients to successfully manage their symptoms, addressing psychosocial stressors and empowering clients to become agents of change in their recovery.

WE PROVIDE PSYCHOSOCIAL REHABILITATION SERVICES FOR INDIVIDUALS IN ACUTE PSYCHIATRIC CRISIS. THESE INCLUDE:
